

Feature Articles

Non technical articles for all readers. The emphasis is, of course, on new technology and how it affects the mature user. We believe it's people that matter and there will be interviews with the over fifties, the retired and the young at heart senior citizen.

Recent articles [What is PayPal?](#) Oct 10, 2006 If you have a PayPal account can transfer money quickly and safely over the Internet. [Homedianet](#) Aug 14, 2006 Duncan Cook's company Homedianet is set to take house building by storm and to change the way we think about our homes. He is a man poised at the edge of a business breakthrough. [Computer Game Addiction](#) Jun 6, 2006 Worried About Someone Close To You? Does anyone in your family suffer with computer game addiction.
